

The most powerful iPhone for business.

Apple iPhone X

Push your business to the edge of what's possible with iPhone XS. The 5.8-inch and 6.5-inch Super Retina displays provide more room to read email, surf the web, open documents, and more.¹ Advanced Face ID—the most secure facial authentication in a smartphone—lets you easily unlock your device and authenticate apps with just a glance, while keeping your phone and corporate data secure. A12 Bionic chip for the best performance in an iPhone. Over 235,000 apps for business on the App Store.² And iOS 12 with built-in productivity tools makes doing business with iPhone more powerful—right from the start.

¹The display has rounded corners. When measured as a rectangle, the iPhone XS screen is 5.85 inches diagonally and the iPhone XS Max screen is 6.46 inches diagonally. Actual viewable area is less.

²App count refers to the total number worldwide. Not all content is available in all countries.
