

Help reduce fuel costs and improve customer service.

Verizon Connect Reveal

Solution brief

There are plenty of GPS tracking companies out there to choose from, but not all providers are created equal. When you choose our Verizon Connect Reveal fleet monitoring system, you get a best-in-class software-as-a-service (SaaS) solution that helps you eliminate unnecessary costs while improving customer service.

Future-proof solution

- Verizon Connect Reveal gives you additional value with free system upgrades as new features and improvements are released, such as Verizon Connect Mobile.

Anytime access to real-time data

- Our SaaS delivery model gives you system access from any web-enabled computer, and we also have an easy-to-use mobile app that allows you to access the system using your Android™ or Apple® smartphones.

Customer service

- We are committed to providing you the support you need, which is why your calls are picked up by our in-house customer support team.

Reporting engine with data mining

- Verizon Connect Reveal delivers over 25 easy-to-read reports and dashboards.

Unlimited training

- Our system is intuitive and easy to use, but we provide unlimited training to all the staff members you authorize to use the system.
