

Faster pay powers performance and productivity.

As the leading financial health platform, Rain sets the standard for Earned Wage Access (EWA), providing real-time access to wages without disrupting payroll, adding overhead, or compromising security.

⚡ 3.5M+ employees empowered ★ 4.8 stars on Apple & Google

Rain directly impacts retention, attendance, and recruitment.

When employees have financial flexibility, they show up differently. Those with access to Rain work more hours, work more often, and remain employed longer.

Built different. Built better.

Responsible approach

We collect the least data of all US providers and protect employee financial health via utilization controls and fee and paystub transparency.

Frictionless platform

Our payroll adjustment model keeps employers in control with minimal operational involvement. No payroll interruptions. No administrative burden.

Best-in-class support

We provide unrivaled support to employers and their employees, featuring 24/7 availability and an average response time of <30 seconds.

Trusted by top companies

Simple for you. Powerful for them.

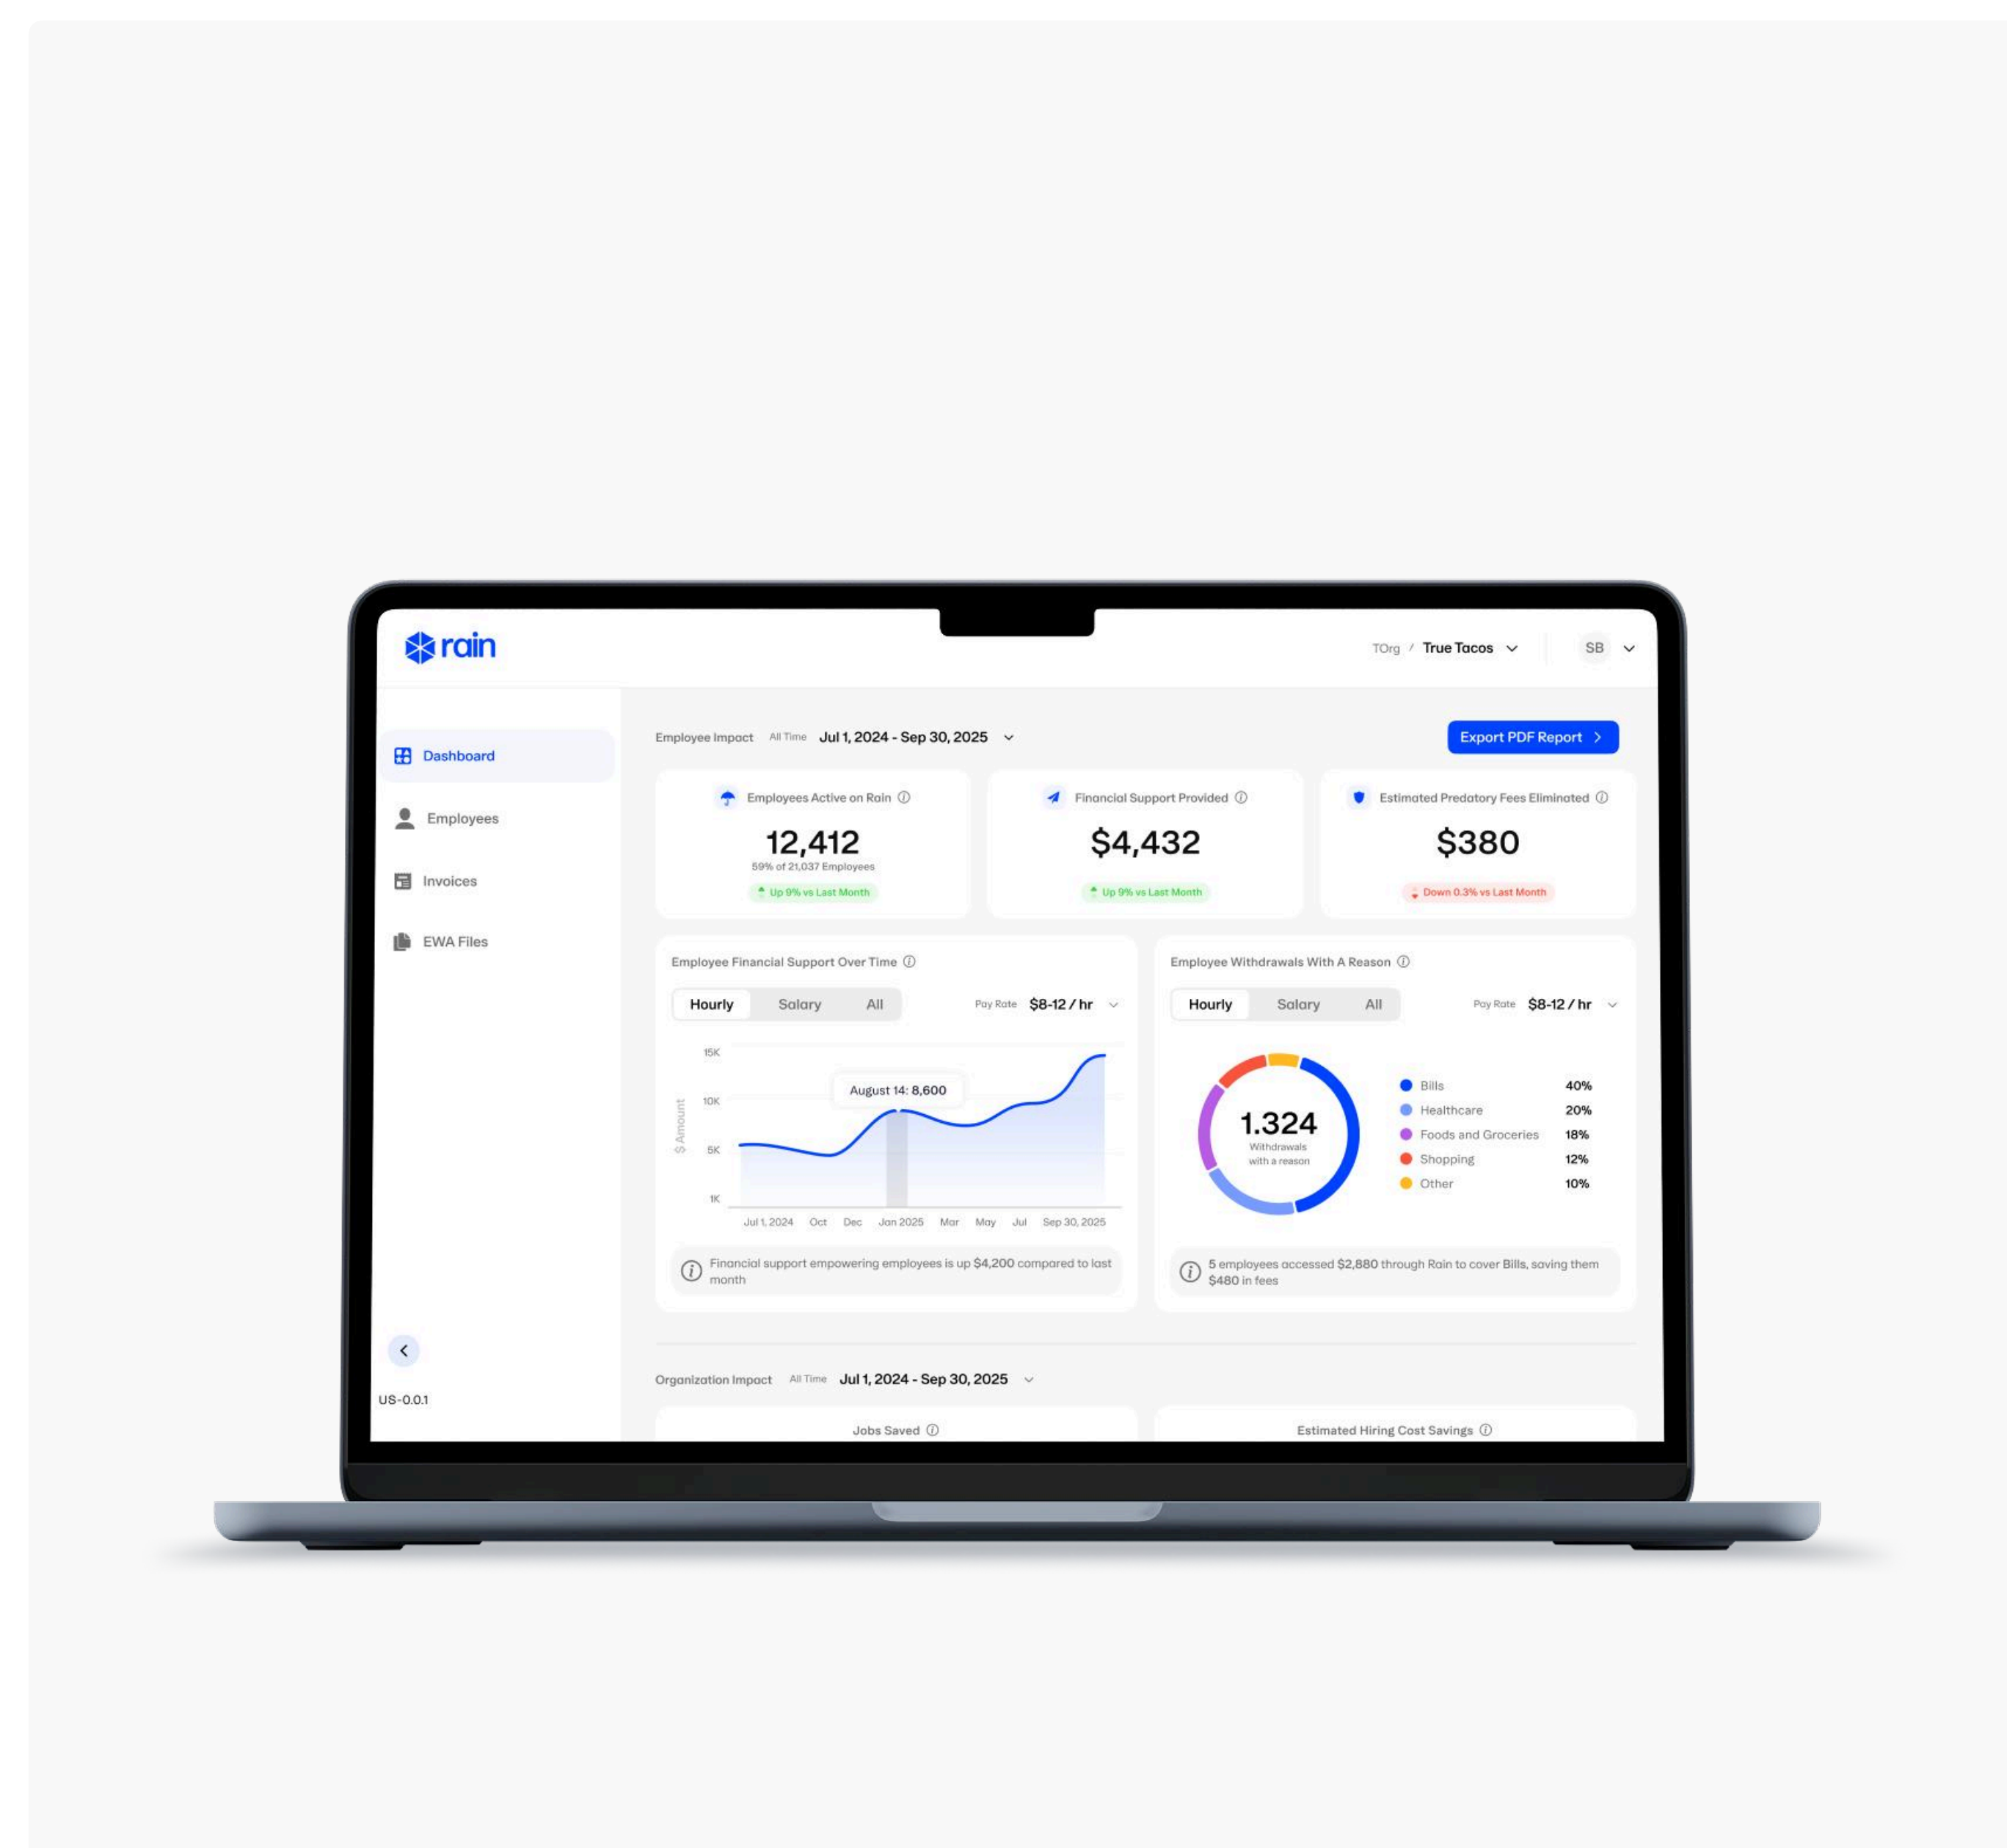

Rain handles the details so employers can confidently provide employees the financial stability they need to stay focused.

Zero disruption

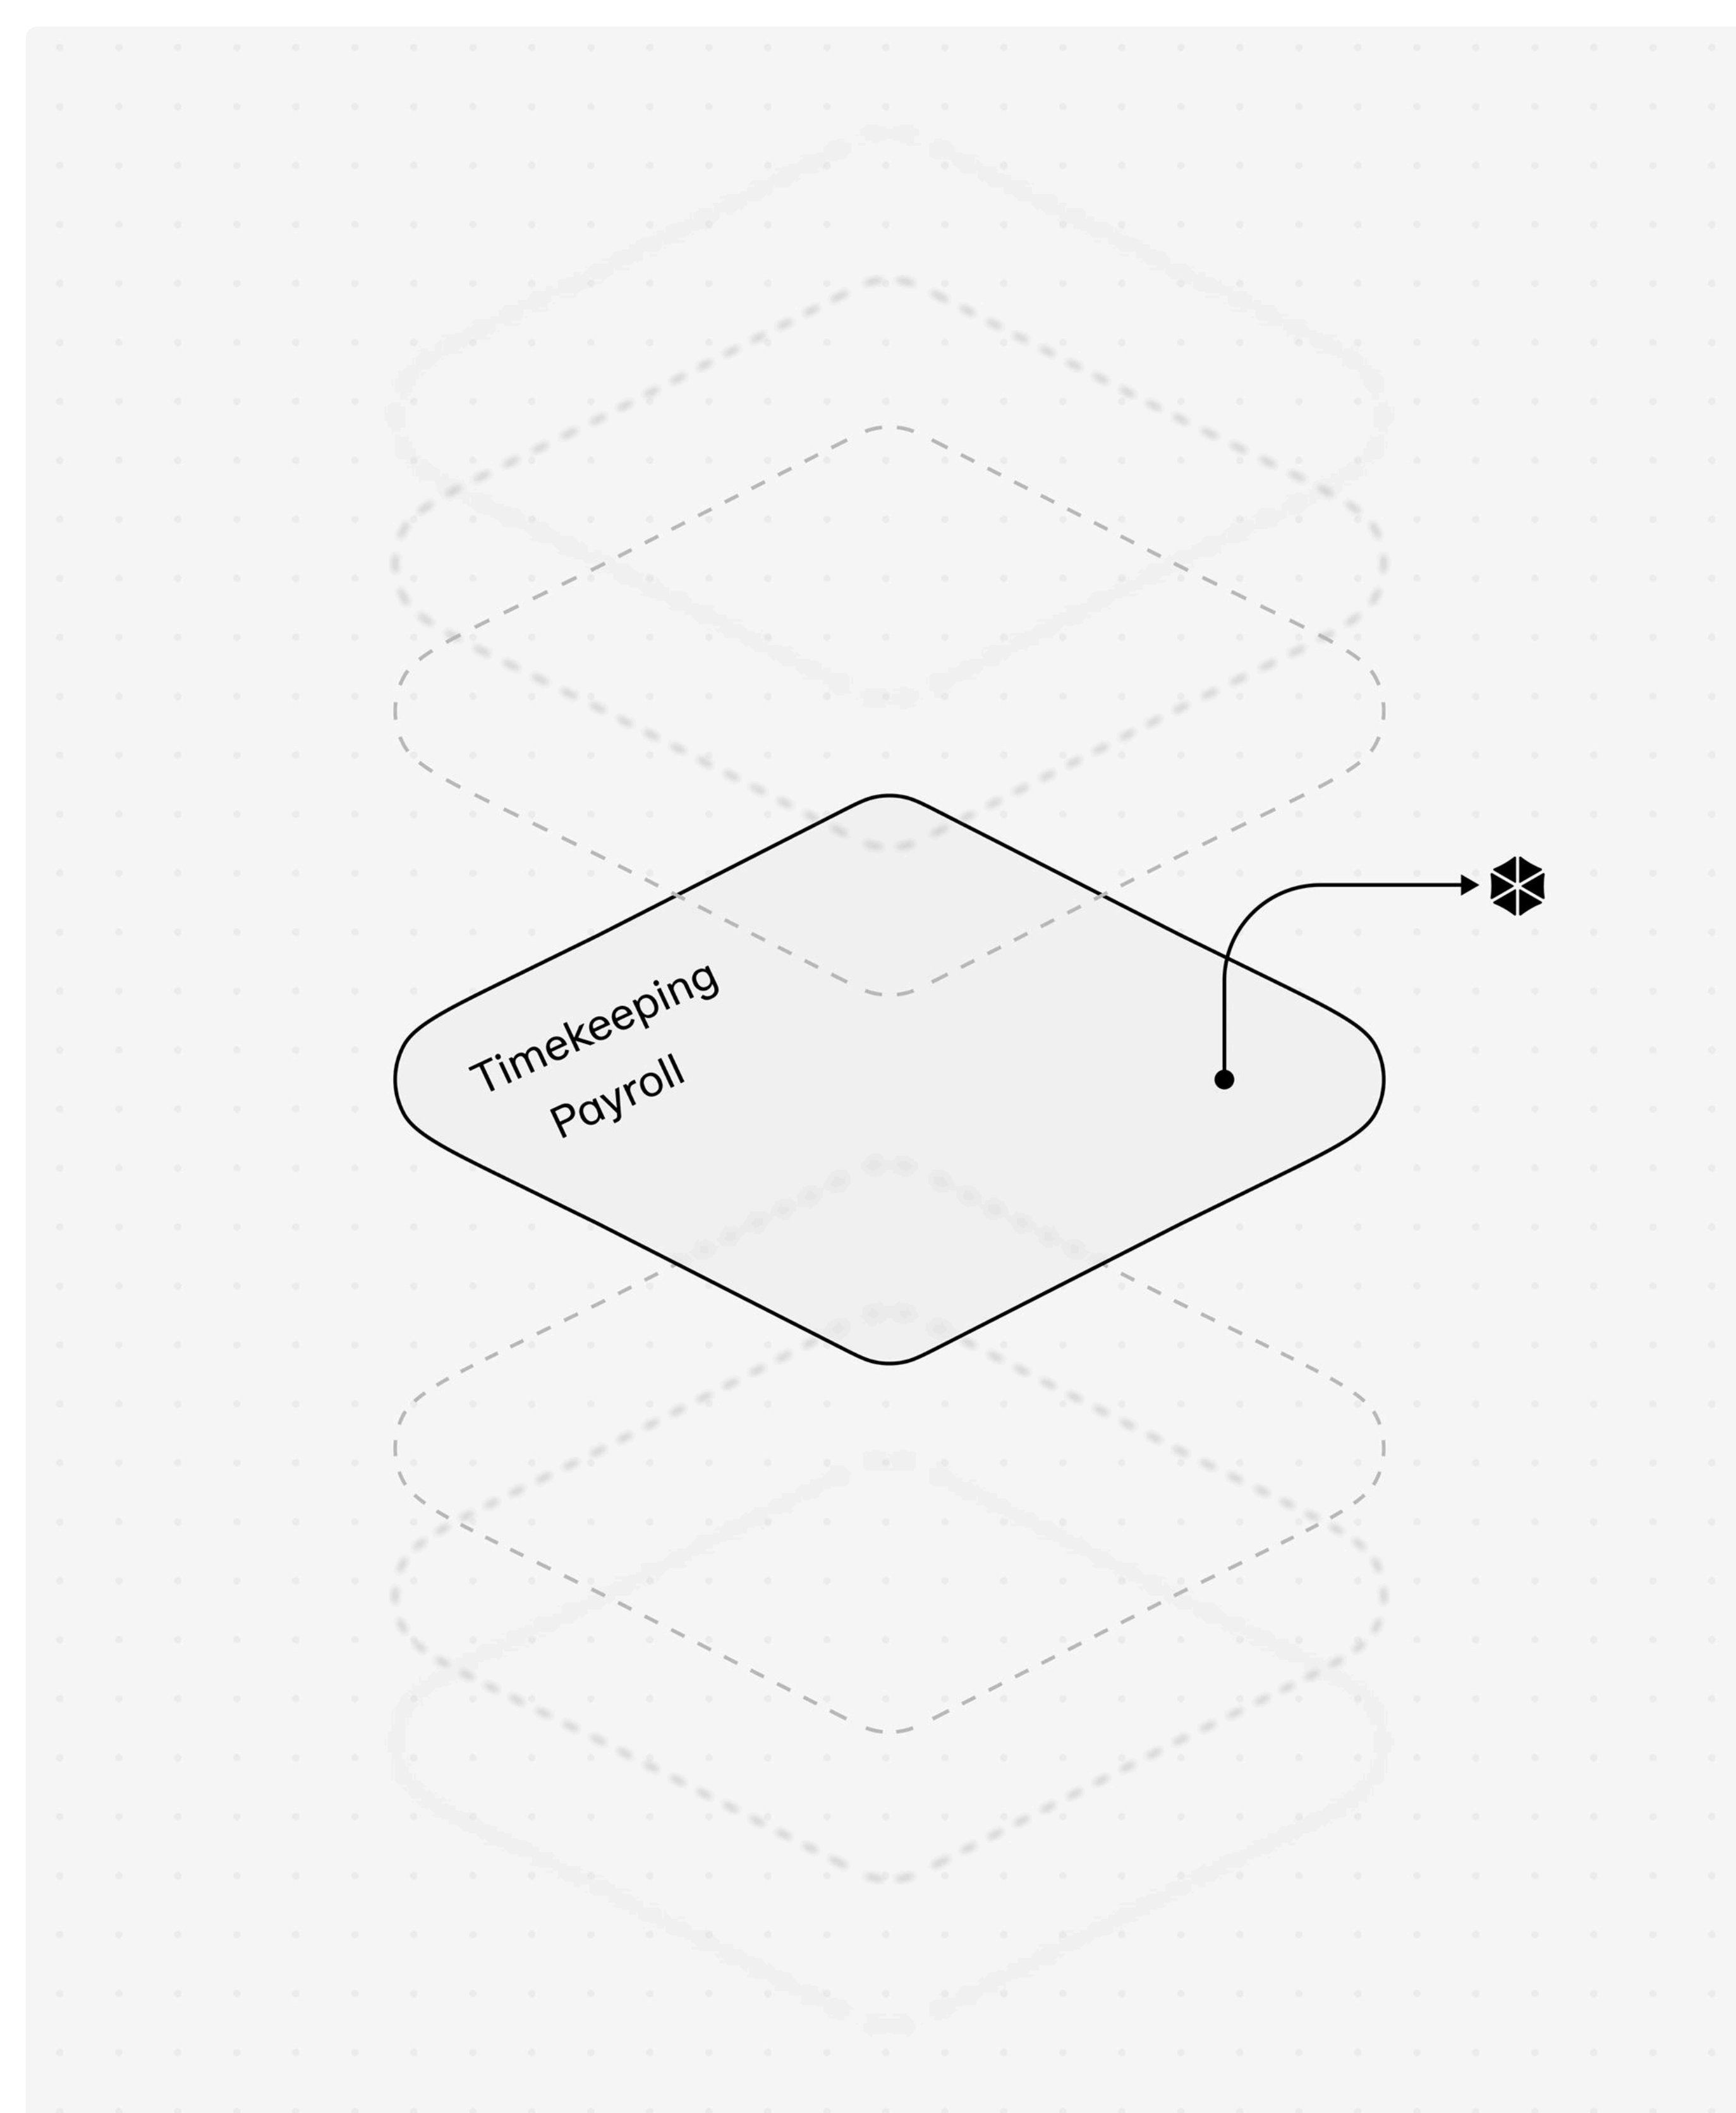

No extra work for HR, no added complexity for Payroll, or another vendor for Finance to manage.

Support at every step

Our dedicated teams manage implementation, launch, and hypercare—keeping the team focused on what they do best.

Key integration partners

Integrate in days, not months.

Our platform delivers enterprise-grade reliability with startup speed, built on a foundation of trust and compliance.

Plug in, don't rebuild

We seamlessly connect with 50+ systems, eliminating time-consuming implementations.

Safeguard privacy

We collect only the essential data necessary to maximize user privacy, requiring the least amount of data among all US providers.

Uphold your reputation

Our team handles proactive security protocols, full regulatory compliance, and audit-ready reporting, protecting your brand's integrity.

📊 +100 NPS for implementations 🏆 G2 financial wellness leader

"It's a benefit in today's employment environment that people in our industry expect."
